

# Faith of the Nations

## International Update

"Restoring the faith of the nations"

### RWANDA...a nation to be restored

#### "EL SHADDAI SCHOOL OF MINISTRY" AND WOMENS CONFERENCE

*Debbie praying with Rwandan women at conference*

Over the past ten years we have had the blessed opportunity to experience many wonderful moves of God in several African nations. Much has changed for the good and the bad in the last 17 years since our first ministry to the continent. Few realize that there are as many nations in Africa as there are states in the USA. Many cultures, languages and customs have experienced the revival fire of the Holy Spirit. Many as well have been imprisoned and persecuted. We must learn appreciate how many African peoples live a totally committed lifestyle. They live what some believe! We are so often convicted of our level of commitment when we are in Africa. Most of these nations and peoples have experienced bloodshed and rebellion. Many of our friends have been physically persecuted and imprisoned for their faith and they remain on fire for the Lord!

### WHO IS THE BOSS?

#### A prophetic challenge

God gave Debbie a message to challenge the delegates at the School of Ministry and that it did! With insurmountable odds of hatred and unforgiveness...how could anyone forgive when they believe their hurt and pain is precious to them and more important than anyone else's pain. The challenge that broke through their hearts...'WHO IS THE BOSS' In other words, what does God say about your pain?

**Debbie's time has come to share from her heart and years of walking with the Lord.**

**"She preached with African Fire!"**

## “SHAKING POWER MIRACLE”

Rev. Joseph Kalema, an associate minister, from Nairobi, said of our School of Ministry there “we cracked it open in the Spirit...the next time we return we will shake the city!” Rwanda remains deeply wounded from its' 1 million person loss during the genocide in 1995. The stories of brother against father, husband forced to murder his wife and children are astonishing and filled with such deep pain it crushes your heart. Anger and unforgiveness abound in many hearts. In church one might be sitting next to someone who was involved with the killing of your family members

“Once I was blind and now I can see”

It never fails...the African fire! Given the opportunity, it seems that whoever spends time in an African nation gets that Holy Ghost fire in their spirit. Debbie not only ministered under a powerful prophetic anointing, but also received as much as she gave from both our brethren in Rwanda and Kenya.

Debbie delivered a powerful word to hundreds of hurting women at the “El Shaddai” Women's conference and challenged the women to surrender their hurts, memories and pains to the only one who could heal their past, Jesus Christ.

## Miracle Crusade

As one of the local pastors said , “We have never seen the power of God demonstrated like this before in public.” Our crusade was graced by God's miracle power nightly. We had hundreds experience salvation, complete decision cards with in the nightly crowds of about 3000. To experience hundreds of salvation with relatively small crowds was astonishing. The final night of the crusade Pastor Johnson led hundreds to the Lord!

**Salvation cards and commitments received nightly**

**Hundreds were saved each night!**

## Pastor Loyd Johnson 78 years and still on fire!

He remains overflowing with compassion for the nationals, ministering tirelessly each and every mission trip. God uses his life, pouring out himself wherever he goes.

**Debbie and I are so blessed....**to have the man who led me and nurtured us in the Lord those first crucial years to be part of our ministry team. Pastor Kalema highlighted the fact that there are few, if any ministers reaching the nations that have this unique opportunity and pronounced credibility. After 25 years of ministry we are honored to have his life contribute to the credibility of our lives and ministry.

### **WHY NOT RETIREMENT?**

This question is asked often and Pastor Johnson responds....WHY? It is logical and probably practical in the natural. We do thank Mary and all his children who share him with the nations. But, 25 years ago Loyd prayed a prayer in Marquette, Kansas....**Psalm 2:8 "Ask of Me, and I will give you The nations of the earth for your inheritance."**

### **Everybody loves Pastor Johnson and so do we....Larry and Debbie!**

These are the words of the nationals in nation after nation. We all stand amazed at God's strength that is poured out through his life in the nations of the earth.

The anointing of God seems to increase at every School of Ministry. We are so blessed and honored of his life and ministry, words could never explain. Heaven only knows. A special thanks to Mary, his wife and his entire family for their continued grace in affording him the continued opportunity to travel to the nations as he does. One of the anointed messages that he ministered that changed countless lives was, "God said, "I Will".

### **1995 has come and gone and few know to this day**

that.....

**There is no justification!**

Memorialized Church sites where over 5000 were massacred.

**ONE MILLION RWANDANS  
WERE SLAUGHTERED IN 100  
DAYS**

Two tribes, same color, same nation. A distant heritage, a bitter curse of the devil, hatred and destruction separates the Hutu's and the Tutsi's. Father against children, mother against father often mandated the killing if one's own family members, all for the sake of what?

This girl survived the genocide by hiding under dead bodies of her family and friends. Unfortunately, today she has an 8" scar on the back of her head where she was struck with a machete.

**RWANDA IS RIPE FOR HARVEST!**

**We need your financial help today. Our plan is to return for a major outreach**

**We are challenged to believe God for thousands of dollars. Over 80% of the believers in church today don't even have a Bible.**

**Our next outreach major outreach will cost \$25,000. Please write us today if you feel led of the Lord to help these people and our missions around THE WORLD!**

**HELP US TODAY!**

**You make missions like this possible! Thank you!**
